**H**aiti ranks as the second poorest country in the world and the poorest country in the Western Hemisphere. Unemployment is at 85% and it remains one of the most critical problems facing the economy. This situation highly strikes the Haitian children's educational life. Over a population of 7,000,000 almost 70% of the people cannot read and write. Haitians place a high value on education, however, most families cannot afford to send their children to school. Only 63%

of those enrolled will complete primary school. The children in Haiti are perishing because of lack of education. Over all, on average it takes 16 years to produce a single graduate of the six year cycle. *(continue on p.3)*

tious meal from OIH feeding program and our well organized recreational/vocational programs. Now school is about to start, all children would love to go to school but their parents cannot afford it. They will be staying home. It is only twenty children out of more than 300 kids that have the opportunity to wear a school

uniform, have textbooks, notebooks, pens, and pencils and receive *free* education. The rest would love to go but they could not. They are earnestly praying God day after day that one day someone like you may sponsor them to go to school. Therefore, your monthly, and/or quarterly, semi-annually, annually contribu-

On behalf of each sponsored children, OIH thanks and praises the Lord for all of our heart-giving faithful sponsors who generously giving their monthly \$20 contribution toward the benefit of these children. The summer is over. All children living in Bombardopolis enjoyed their vacation with a daily hot nutri-

tions really make a difference in the life of each Haiti's abandoned children. OIH makes sure that each sponsored child is being educated by receiving free education, medical assistance and a hot nutritious meal every day. Indeed, your faithfulness and pledges in sponsoring a child means a lot to God and the child that you sponsor. Praise the Lord for faithful sponsors like you!

## OIH Future Projects in Bombardopolis, Haiti

The basic idea of our future projects is to develop a village with all facilities: building orphanages, schools, health center, playground, water projects, sanitation, vocational centre, and a place where they can worship God.

At this moment, we rent a center named *Boirond Tonnerre* in Bombardopolis, Haiti where we

take great care of our children. This place does not belong to us and it has become too crowded. We have more than six children per room and it is not healthy for them to live like that.

OIH plans to start building two orphanages: one for the girls and for one the boys. Each orphanage will have 25 bedrooms to hold 50

orphans with 2 children per room. The estimated cost to build the two orphanages for 100 orphans is **US\$ 60, 500.**

As you can notice on the picture bellow, OIH members stand on a piece of land having faith that this land will become a life saving center for the children of Haiti.

Making this building project successful can only be accomplished with your generosity. We are in great need of sponsors, donors, plumbers, electricians, architects, engineers, constructors as well as construction materials in order to make this dream a reality for the starving children in Haiti. Your help will be greatly appreciated and heaven will be rejoiced seeing the accomplishment of this life saving project.

## A Look at Haiti's Education!

Continued from page 1

Since the great devastating blow that Hurricane Jeannie has dealt Haiti on September 20th of last year, most Haitian children feel like prisoners without a trial and without hope. They are homeless, hopeless, and helpless. Thus, our goal as a non-profit missionary organization is to pro-

vide the word of God, food, clothing, shelter, and most of all *free* education toward these hopeless children living in Bombardopolis, one of the neglected areas of Haiti.

OIH exists to educate, train and equip destitute children around the world to empower them for a better future.

## Helping a child go to school in Haiti is a blessing!

Orius Wilnick

Wilnise Dorlean

Only twenty out of more than 300 kids that are sponsored through our program and receive free food and education for this school year. The rest are still waiting and praying for you to sponsor them to go to school.

These children don't have sponsors yet. Their parents can not afford school tuition for them; their hearts are crushed and tore apart seeing their kids aged 5,6,7 who don't even know how to read and write their names. Some are orphans

such as this girl, *Wilnise Dorlean*, and others are abandoned children left alone on streets begging for food with no education. This situation saddens our heart and makes us think about helping.

Above are four names listed and a picture of the rest waiting for you to sponsor them. It is by no hazardous way that you have received this newsletter, if God has impressed you to help financially one of these children go to school for this upcoming school year, don't hesitate to do it today, call 1-800-7047611.

## Letter of Thanks

We would like to thank and pay our sincere gratitude to all churches, organizations, sponsors, and individual donors who immediately responded to our appeal and generously donated toward our works with the orphans around the world.

Your donations, gifts and items were greatly appreciated and we would like to praise God for donors like you who are willing to continue supporting OIH in its work for the Lord.

In this time world, there may not be rewards for what you gave and you may never see the smiles of the children that you save, but there is one who is watching and keeps record of all you do.

May God bless you all!
